# 1. Browsing by Category

---

The Field Supply Store organizes tools and supplies into 10 categories tailored to access control and locksmith work. To browse:

- Tap Store on the home screen or type /store
- Select a category from the menu
- Tap any product to open it on Amazon

Each product listing includes a brief description so you know exactly what you are buying before leaving the app.

Tip: Categories are sorted by how often field techs need each type of supply. The most commonly purchased items appear first.

# 2. Buying from Device Cards

---

When you look up a device in ArklyTech, the device card includes a Buy on Amazon button. Tapping it opens an Amazon search pre-filled with the device name, so you can order a replacement or spare part immediately.

- Look up any device by name (e.g., type LP4502)
- The device card appears with all available buttons
- Tap Buy on Amazon to open the search on Amazon

Tip: Use this when you identify a failed device on-site and want to order a replacement before you leave the job.

### 3. Categories Overview

---

The store covers 10 categories, each with curated products for the access control and locksmith trades:

Category	Example Products
Hand Tools	Wire strippers, crimpers, screwdriver sets
Power Tools	Drill/driver kits, impact drivers, rotary tools
Test Equipment	Multimeters, cable testers, tone generators
Wire & Cable	22/2, 18/4, Cat6, plenum-rated cable
Connectors & Terminals	Butt splices, terminal blocks, RJ45 jacks
Mounting Hardware	Anchors, screws, standoffs, back boxes
Lock Tools	Plug followers, pinning kits, key machines
Safety & PPE	Safety glasses, gloves, hard hats
Labeling & Organization	Label makers, cable ties, wire markers
Bags & Storage	Tool bags, parts organizers, rolling cases

### 4. Affiliate Disclosure
